Press release

24 projects named as finalists for the Prix Versailles 2020 in the categories of Airports, Campuses, Passenger Stations and Sports

The World Selections for 2020 include six airports (a newly created category), six university campuses, six passenger stations and six major sports facilities.

From those Selections, the 2020 World Judges Panel, whose members will soon be released, will be responsible for singling out the most beautiful airports, campuses, passenger stations and sports facilities in the world.

Like each year, the criteria applied by the judges will encompass innovation, creativity, reflection of local, natural and cultural heritage, and ecological efficiency, as well as the values of social interaction and participation which the United Nations holds in high regard.

In parallel, the continental winners for the categories of Shops & Stores, Shopping Malls, Hotels and Restaurants will be unveiled on 29 September 2020.
